Terms of Agreement

The Broward College Office of Student Financial Services is responsible for making the final selection of the recipient(s) based upon donor-selected criteria. In the event the Office of Student Financial Services is unable to identify a student who exactly matches the criteria selected, the Office of Student Financial Services will select student(s) who most closely matches the criteria established. Award amount is at the discretion of the Office of Student Financial Services based upon the student's financial aid package and amount of money available in the fund. It is understood that if the fund's balance falls below \$100, the Broward College Foundation reserves the right to distribute the remaining money through the General Scholarship Fund.

While the wishes of the donors shall be loyally observed, the foundation may modify the criteria for this gift over time if it determines that the purposes of the gift are in whole or in part contrary to law or changes occur such that the program or purpose is unable to be fulfilled. In such an event, the college shall use the gift in the matter that most closely satisfies the intentions of the donor to the extent possible.

In accordance with Internal Revenue Code Section 170, a donor is entitled to a deduction for charitable contributions to the Broward College Foundation for the use of Broward College. The foundation and college must have full control and discretion over the contribution and may not be bound by a commitment or "understanding" that the contribution will benefit a designated individual. The donor's intent must be to benefit Broward College.
